# Meet Ana

Ana, a mother of two, came to our shelter seeking assistance. When she arrived at The Spring, she sought out services from our Economic Empowerment program to receive assistance with employment. Although she already was employed providing housekeeping services, it was on a part-time basis. She also wanted to enroll in and complete an educational program. Our staff at The Spring started working with Ana to revise her resume, search for employment opportunities and provide emotional support during regular meetings. Before long, she met her employment goal and has now moved into her own apartment. Ana even enrolled in a Certified Nursing Assistant training program and is now on the path to certification. Ana is paving her own way to a future in a career she loves.
